

Re: Shelf Life

Regarding the shelf life of the resins listed below:

General Purpose Polystyrene (GPPS): **Resirene® HH-101, HH-103, HH-104, HH-108, HF-555 and HF-777**

High Impact Polystyrene (HIPS): **Resirene® 2210, 4220, 5470, 6110, 6420, 6470 y 7600**

Styrene-Acrylic Copolymers (SMMA): **CET® 116, CET®123, CET®230, CET® 240, CET® 250, CET® 265, CET® 231 DB, CET® 241 DB, CET® 251 DB**

Resirene guarantees retention of properties as stated in the sales specification, provided the material is properly stored following good manufacturing practices. In general, when stored properly, those resins will retain a high level of mechanical properties after storage times of many years.

Guidelines for good storage practice must be followed e.g. storage in a sheltered location, with good ventilation, no direct sunlight and undamaged, original packaging. This information is considered accurate and reliable as of the date appearing above and is presented in good faith. Because use conditions and applicable laws may differ from one location to another and may change with time, Recipient is responsible for determining whether the information in this document is appropriate for recipient's use. Since Resirene has no control over how this information may be ultimately used, all liability is expressly disclaimed and Resirene assumes no obligation or liability, therefore. No warranty, express or implied, is given by Resirene or others to be inferred.
